

GDPR Compliance

We can help you to comply with the new regulation
on data protection and privacy for all EU individuals

What does a compliance includes?

Includes a series of proposals and measures to help you comply with the
new regulation as well as:

- ✓ Organizational and technical measures with an assessment of the current situation
- ✓ Suggestions for changes to your website (if you have)
- ✓ Proposals for improvements to data protection policy
- ✓ Define requirements of the new regulation in your organization
- ✓ Information session for all staff of the organization
- ✓ Availability of certified D.P.O. services

Do you think that your business is ready for the new
privacy policy?

Give your business the prospect which needs!
